Rimping Village

CHIANGMAI THAILAND

Meet The Simple
Non pretentious Chiang Mai

Rimping Village is located in the perfect historical place of the city; Wat Gate community, the trading area of Chiang Mai in the old days where people from diverse cultures reside together, creating the unique style of culture of the whole community as reflected in people's lifestyle and architecture.

As we concern the significance of such cultural aspect toward local people, the hotel is designed with the certain style that perfectly suits the architectures around the area as several local designs are applied including the shape of the roof, slab covering the walkway, Lanna-style door, and especially the walls which is created with the appropriate height, well uniting the hotel and the community together.

However, Rimping Village has gone for a simple and comfortable hotel with 34 rooms and excellent facilities, this is a boutique hotel that deliver comfort and community feel while still offers everything you want to make for your perfect holiday.

Why Rimping Village

Rimping Village is a great place to stay in Chiang Mai if you enjoy privacy, tranquillity and nature. Despite feeling like a world away, we are only a short 10 to 15-minute walk to the bustling Chiang Mai Night Bazaar, and a 25 to 30-minute walk to Thapae Gate at the Old Town.

There is plenty to see and do in the area and a good choice of cafes and restaurants to try including American, Vietnamese and Thai. The riverside is minutes away, where popular bars and live music entertain into the night. If you feel like a cosy night in, there is a handy international supermarket just down the street with imported products and wine.

We encourage everyone to read our reviews and discover why guests love to stay with us. We pride ourselves on our service and want all guests to be well informed of the area we stay and local amenities available. Our healthy and delicious cuisine is also a highlight as we endeavour to share our passion for local food with our guests.
